Inflammation REmodeling

# Inflammation, Remodeling & Fibrosis in Human Diseases

**Scientific day** | **Friday, 10<sup>th</sup> April 2026**  
**Cochin Hospital, Paris**

Theme

**From cellular interactions  
to organ crosstalk**

Conferences

Short talks

Round table

**Two Junior Prizes**

Best oral communication

# Programme

InFibrex

FHU  
**INFIRE**  
Innovation Fibrosis  
Inflammation REmodeling

9:00 - 9:30am

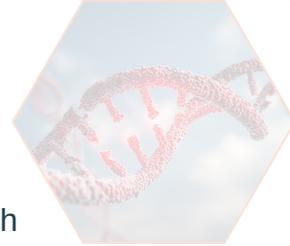

Welcoming

9:30 - 9:45am

**INFIBREX & INFIRE introduction**

Prof. Bruno Crestani - Prof. Luc Mouthon

Prof. Raphael Borie - Dr Camille Cohen

## Session 1 – Inter-organ communication

9:45 - 10:45am

**KEYNOTE**

**Kidney inflammation and fibrosis**

Dr Bryan Conway - University of Edinburgh

10:45 - 11:30am

**Lung–joint crosstalk, the example of rheumatoid arthritis**

Prof. Raphael Borie – Prof. Philippe Dieudé - Bichat Hospital

11:30 - 11:50

Coffee break

11:50 - 1pm

**Short Talks- Selected abstracts**

1pm - 2pm

Lunch

## Session 2 – Cellular crosstalk and innovative tools

2pm - 3pm

**KEYNOTE**

**Autologous immune organoids to investigate pediatric cancer development**

Dr Alessia Bagattin, Gustave Roussy

3pm - 3:30pm

**The complement system, a key player in intercellular crosstalk**

Dr Anne Grunenwald – Dr Idris Boudhabhay

Centre de Recherche des Cordeliers

3:30pm - 3:50pm

Coffee break

3:50pm - 4:40pm

**Short Talks- Selected abstracts**

4:40pm - 5:20pm

**ROUNDTABLE**

**Crosstalk and tools: spatial transcriptomics, imaging**

Dr Alessia Bagattin, Gustave Roussy

Dr Idris Boudhabhay, Centre de Recherche des Cordeliers

Dr Camille Cohen, Bichat Hospital

Dr Lubka Roumenina, Centre de Recherche des Cordeliers

5:20pm - 5:30pm

**Recipients of the two Best Oral Presentation Prizes**

Conclusion
